German Pavilion

German pavilion at bauma CHINA 2018

bauma CHINA 2018 is set to shine a spotlight on the multitude of opportunities in the region for companies and individuals looking to grow their businesses, find partnership prospects or simply network and knowledge share.

The 91 German exhibitors – among them 24 sub-exhibitors - displaying at the bauma CHINA this year are inviting you to their stands and giving you an opportunity to converge and discuss business prospects.

The German construction equipment, building material and mining machinery industry is represented by VDMA, the German Engineering Federation. It represents more than 3,200 companies of the sector, mainly small and medium-sized companies. VDMA is a service provider, as well as the point of contact for everyone who seeks information about German engineering technology.

Our companies offer their products and services worldwide and have sales offices, production sites and representative offices all around the globe. A lot of German manufacturers are market and/or technology leader in their field of expertise, e.g. when it comes to concrete, tunneling and road construction technologies.

The German Pavilion at bauma CHINA 2018 is supported by the Federal Ministry of Economics and Technology (BMWi).

Discover what Germany has to offer!

We look forward to meeting you in hall N2.801.
